"When launching a product and our building a brand it's essential to make sure your idea comes to life where your customers and clients can't envision themselves without that brand/product. As a beauty expert, I knew that I needed help telling that story. Luckily, I was blessed with the team from LWL Magazine that helped me with my entire brand story, execution of my launch, and placing me strategically within publication outlets to spark my now successful brand, Beau Tie Cosmetics. After only one month of being in business, my cover and features in LWL Magazine was a key contributor to me making a statement in the beauty world and the success of my being featured in other publications and features even in Yahoo Finance as one of the top 20 entrepreneurs to look out for in 2020!!!

Leading with Lee, thank you! Thank you for thinking of me. Thank you for taking the time to learn more about me and the She Wins Society. Thank you for doing such an excellent job with featuring me and telling my story. It feels really good to be honored in this way. I am so grateful. The care and thoughtfulness placed into the details of this issue make me so proud to be a part of the greatness you are creating Lee Whetstone.
